As a naturally-born psychic and empath, Holland's earliest memories include psychic dreams, daily premonitions, and helping other children with complex emotional issues. This early sensitivity attracted many mystic teachers from various backgrounds who provided frameworks for her abilities - the most influential of which was a technical engineer, former army medic, and Reiki Master - whose well-rounded and reason-based approach to metaphysics appealed to Holland's grounded nature. Through her tutelage, Holland became a Usui Reiki Master Teacher in her teens, followed by Sekhem-Seichim Reiki.

With Reiki as a foundation, Holland's abilities steadily expanded to include intuitive use of the Tarot and Nordic runes, predictive techniques, the five clair-senses, crystal healing, chakra balancing, shadow-work, and entity removal. Her continued study of the world's faiths and religions also give her access to a broad range of symbolism for dream and vision interpretation.

With an adventurous mind and an open soul, Holland has clientele from all walks of life, including the A-list of Hollywood, and she would love to help you too!
