Jackie was born into a family of psychics on her mother's side. Growing up, she was very sensitive and saw prophecies and had precognitive dreams. Due to this, she gravitated toward esoteric studies and metaphysics at a very early age. Because of all of her questions about the afterlife, she made a deal with her maternal grandmother, making her promise to come back somehow and let Jackie know about life after death. Her grandmother eventually passed when Jackie was eighteen, and as promised, returned to convey the message that the soul lives on and never dies.

Feeling spirit around her all the time, Jackie moved constantly, mistakenly thinking each house was haunted. It was not until much later that she learned that she simply had the ability to connect and communicate with spirit. She is able to know, see, feel and hear messages from the other side, as well as connect on a soul-to-soul level with the living.

Jackie requires no tools for her readings, but occasionally uses Tarot Cards, I Ching, the pendulum, Numerology and Psychometry for clarification, or to enhance her connection to your vibration. She is genuine and straightforward with a compassionate heart.

Jackie is fluent in English, Armenian and Farsi.
